Bounded Rationality Model of Decision-Making - What is it ...

There are two primary models or theories for decision-making: the Rational model and the Bounded rationality model. In the former, a decision-maker attempts to optimise the decision by selecting the best possible

alternative. In the latter, rationality of individuals is limited by the information they have, cognitive limitations and time constraints (Kalantari, 2011).

The Nature of Rationality - Wikipedia

The Nature of Rationality is 1993 book by the philosopher Robert Nozick, in which the author explores practical rationality. Summary. Nozick views human rationality as an evolutionary adaptation. Its delimited purpose and function may be responsible for biases and blind spots, possibly accounting for philosophy's difficulty with perennial questions that are remote from the exigencies that
