[Fabricated: The New World of 3D Printing | Business ...](#)

Hod Lipson and Melba Kurman put innovative technologies into context. Lipson is a leading researcher and speaker on 3D printing, digital materials, and the transformative power of intelligent machines. His lab at Cornell University has pioneered interdisciplinary research in 3D printing, product design, artificial intelligence, and smart materials. Kurman is an author and technology analyst who covers game-changing technologies in language that intelligent (and busy) non-experts can understand.
