Health Professionals and Trust: The Cure for Healthcare ...

An ever increasing number of codes of conduct, disciplinary bodies, ethics committees and bureaucratic policies now prescribe how health professionals and health researchers relate to their patients. In this book, Mark Henaghan argues that the result of this trend towards heightened regulation has

Health Professionals and Trust: The Cure for Healthcare ...

In this book, Mark Henaghan argues that the result of this trend towards heightened regulation has been to undermine the traditional dynamic of trust in health professionals and to diminish reliance upon their professional judgement, whilst simultaneously failing to trust patients to make decisions about their own care.

Health Professionals and Trust: The Cure for Health Care ...

The basis of Mr. Henaghan's book is that the trust between clinician and patient is paramount to the success of any health care initiative, and the path to nurturing trust is not a commanding interstate, rather it is a winding path through the countryside.
