[Luciano Floridi's Philosophy of Technology - Critical Reflections: The Philosopher: Luciano Floridi claims that these new technologies have led to a revolutionary shift in our understanding of humanity's nature and its role in the universe. Florodi's philosophical analysis of new technologies leads to a novel metaphysical framework in which our understanding of the ultimate nature of reality shifts from a materialist one to an informational one. In this world, all entities, be they natural or artificial, are analyzed as informational entities. This book](#)

[Luciano Floridi's Philosophy of Technology - Springer v The ultimate aim of this volume is to further the philosophical re ection on technology within the context of Luciano Floridi's philosophy of technology.](#)
