[Shapechanger's Song by Jennifer Roberson - Goodreads](#)

Shapechanger's Song by Jennifer Roberson is an omnibus which contains the first two books in her Cheysuli Chronicles series (Shapechangers & the Song of Homana). I'm usually easy to please when it comes to secondary world fantasy but this was way below my level of enjoyment: truly inconsistent characters, endless

repetitions (his golden bands/earrings glistened/glittered in the sunshine/moonlight), bland plots filled to the brim with prophecies. The main villain is a pure caricature of a mag.
