However, the issue of censorship will then arise, with sex and violence being a concern for parents and caregivers of young children [McChesney & Moyers & Newman & Scott 2005 p.123]. Either way, one party will disapprove and continue the fight against Virtual Reality. Other concerns include the invasion of ones personal space, the environmental implications which will most certainly occur, the

Redefining Stewardship over Body Parts (pdf) | Paperity

This paper proposes one possible avenue for defining a framework to address body parts. I begin with the presumption that given the increasing use of body parts outside of our bodies, either after death or during life, society requires a framework with institutions and rules to govern our body parts.
