Zero Corporate Income Tax in Moldova; Tax Competition and ...

The paper also discusses implications of tax competition for Eastern Europe and finds that FDI flows will not be much affected, tax revenues are likely to decline, the shift in the composition in tax revenue may increase economic efficiency, but decrease equity. Tax coordination, while difficult politically, could help stem further decline in corporate taxation, but any gains might be modest and not certain to exceed the costs of tax coordination. Without tax coordination, however, it is
